

## Dog Days Registration Procedures for Teams or Clubs of 10 or More

In 2016 we had one group ask for a deal and we made one with them . It worked out well for all. So we are extending the same offer to others groups this year. We are offering a modest reduction in registration fees to individuals who register together early.

**Here's the offer:** Individuals who register together as a group of ten or more before April 30 will pay only \$30 instead of the regular \$35 (savings of about 15%). If we have enough information about the group we will also recognize them on our Face Book page.

### Here's how:

- 1.** Each registrant from the group needs to complete his/her own registration form Use this link to the **Group Registration Form**. Include any additional items, such as tee shirts or jerseys, in the registration. Be sure to use the \$30 fee only. Each individual form should total the registration and merchandise on the form.
- 2.** Assemble ten or more registrations together, along with payment(s) to total the sum of all registrations. We are not concerned with how the payment total is reached (individual checks or one combined payment, or something in between) as long as the total is the same as the sum of all the registrations.
- 3.** Send only checks. We will not be set up for the exception of the group payment with credit cards or PayPal. Checks should be made payable to Silver Wheels Cycling Club.
- 4.** Mail the group of registrations all together at the same time.
- 5.** Your group mailing must be postmarked no later than April 30. There will be no group discounts given after this date

**MAILING ADDRESS:** Silver Wheels Cycling Club, Inc., P. O. Box 867, Elyria, OH 44036

Group registrations that are late or inaccurate will need to be dealt with individually. The worst case scenario would be that we need to charge the regular fees (\$40 or \$45, depending on when the registrations were received) when the group shows up at the event; this would likely cause serious delays in the onsite registration process.

---

**Thank You** for your interest in Dog Days Wine Tour. We at Silver Wheels work hard to make this the best bike ride you can have. We are always interested in hearing from our guests how we can make it even better in the future.
